

February 1, 2021

Dear Parent/Guardian:

This year ACCESS for ELLs 2.0 will be administered in person starting on February 16, 2021. Unfortunately, testing guidelines indicate that we are unable to administer the assessment virtually.

This assessment consists of 4 domains (Listening/Reading/Writing/Speaking) used to measure your child's progress in learning English, and can also be used to determine placement and exit from the ESL program. Please be aware that your building administrator/guidance/ESL teacher will be reaching out to you in the next couple of weeks with a tentative testing schedule and more information regarding CDC guidelines and protocols to be observed when you are in the building.

If you have any questions or concerns regarding your child's participation in the ACCESS for ELLs 2.0 Spring administration 2021, please contact:
